

While the woods and fields are the real Liberation Park, this building will become our central piece of infrastructure over the next few months. Floor plans are on our website (url below). Along with it we are building a close-by hermitage with plumbing. Construction on both begins very soon.

- 2 bathrooms with showers
- Wheelchair accessible
- More spacious kitchen
- Pantry opening to cellar
- 2 sleeping rooms

- Sufficient office space
- Utility area with work space
- Spacious wrap-around porch
- Bigger library
- Cottage for long-term stays

To date, \$185,700 has been raised of an estimated \$265,000 needed.

If you agree that this Guest House will serve the spiritual needs

of fellow practitioners, please give generously.
